DETAILED ACTION

Reissue Applications

Response to Amendment

In the response to the amendment filed 9 November 2007, it is noted that the consent under 37 CFR 3.73(b) meets the certification requirement. The supplemental declaration is good except for the duty to disclose clause. The clause should state "material to the patentability..." rather than "material to the examination..." The original declaration has the same problem (see 37 CFR 1.63(b)(3)). Consequently, the supplemental and original reissue declarations filed with this application are defective.

Claim Rejections - 35 USC § 251

Claims 1-19 are rejected as being based upon a defective reissue declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the supplemental and original reissue declaration is set forth in the discussion above in this Office action.
